ANNUAL REPORT

2011

Our Mission

The mission of Animal House is to decrease the euthanasia rate of adoptable animals by:

- Collaborating with overpopulated and under-served shelters
- Providing the community with education, information and outreach
- Providing adoption opportunities for homeless animals and giving them what they need most....time to find their forever home.

Over 2,000 Lives Saved

Services

ADOPTIONS - At Animal House, we believe in personality and life matches. We take the time to learn our dogs so that both pet and people find their forever match.

GROOMING - Let your dog save other dogs' lives. Through our professional grooming facility we give the community another great way to support our shelter.

MICRO-CHIPPING - To help pets find their way back home, we offer low cost micro-chipping identification. It's quick and easy and gives you and your pet a lifetime of security.

Programs and Outreach

SHELTER PARTNER - Animal House supports open-admission, over-burdened shelters, both statewide and nationally. Partnering with higher populated and under served communities, we provide relief both emotionally and physically to animal shelters who have little choice but to euthanize due to time and space.

VOLUNTEER PROGRAM - Volunteers are the foundation of our shelter and are the reason why we are reaching our 5th year serving the community. From dog walking, fostering to fundraising, Animal House has many opportunities for volunteers to get involved. We ARE because of them!

YOUTH EDUCATION - One of the most important things we can teach our youth is empathy and compassion. Learning this through hands-on volunteering and informational tours, Animal House is proud to give children a cause for giving.

HIGHER LEARNING - Animal House works with various academic factions and individuals in providing opportunities for learning and community service. From creative internships in marketing and journalism, hands-on animal exposure with CSU's Shelter Medicine's Behavioral Club and volunteering with fundraisers, we are

Community Involvement

Last year, Animal House could be seen at many events/locations such as these!

LHS&FCCR
Wellington Pet Fair

Financials

Animal House provides each animal with important medical care such as vaccinations, heartworm testing, spaying/neutering and microchipping. Taking responsibility for these homeless animals means giving them the right to health to the best of our ability, both physically and emotionally. We are proud to operate with an efficient budget in order to do this. Last year we had a steady increase in revenue and services provided. This reflects a stronger organization with a stronger future in which more lives will be given a second chance.

Excess of Revenue over Expenses \$25,912

Donors , Grants and Fundraising

Like most shelters, our adoption fees cover a small percentage of our operating costs. Shelters cannot operate successfully without a strong donor support program. Animal House relies on this support from grants, fundraisers and donations. From work place matching, to participation in the Colorado Combined Campaign to our monthly sponsorship program, thousands of lives are saved each year. We thank each and every one whom because of them, we exist.
