

Animal Friends Alliance Update

2023 Year-to-date Statistics

Adoptions in 2023: **2,095**

Animals Served by Community Pet Resources Programs: **10,278**

Bernice's 'Happy Tail'

Do you remember this incredible feline? This is Bernice! Her journey from desperation to a heartwarming success story embodies the true spirit of our Community Cat Program. Today we share her inspiring story to remind you of the vital role you play in making these transformations possible.

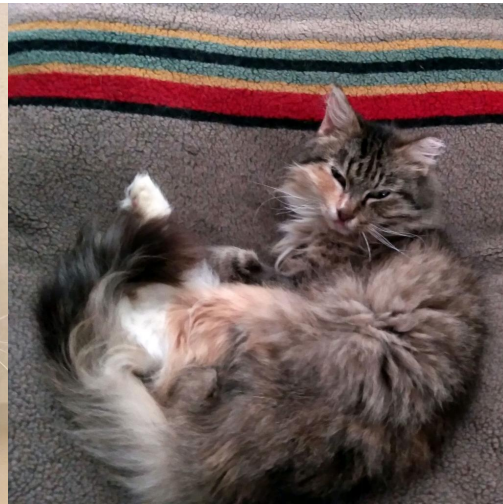

Back in April of this year, Bernice was trapped and brought into our care through our Community Cat Program. She was in dire need of our resources, battling double ear infections, upper respiratory infections, and a painful dental condition that required the extraction of all her affected teeth due to a mouth abscess. With the dedication of our exceptional vet team and a devoted foster, Bernice embarked on her road to recovery.

We're overjoyed to share that Bernice was adopted in June. Her new loving family recently sent us an uplifting update that warms our hearts. She's settling in beautifully alongside a 15-year-old tabby named Gizmo and two canine companions. Bernice's vibrant personality shines through as she fearlessly seeks pets, engages in cheerful meow conversations, and even playfully investigates everybody's food!

But there's more to Bernice's story. Her journey is a testament to the impact we strive to make every day for the animals who need us. She's just one of the 677 cats we've been able to assist through our Community Cat Program this year. Each of these success stories is a tribute to the amazing support from compassionate individuals like you. Your generosity sustains our life-saving efforts. It allows us to provide medical care, shelter, and love for animals like Bernice, who need it the most. Without your continued support, stories like Bernice's would remain untold. We look forward to sharing more success stories with you in the future.

Bernice's first day at our shelter.

Bernice today, with her loving family.

Thank You Alliance Supporters!

Our dog shelter floor underwent a recent makeover. These new epoxy floors are designed for easy sanitization and really transformed our shelter space! We, and the countless dogs we help every year, are so appreciative of your generosity.

Judith Is Ready For Her Adoption Day!

Meet Judith, a truly remarkable pup who has captured our hearts and is now seeking a loving home. Back in 2021, Judith first graced our shelter with her presence as a young and innocent pup. Life, however, took her on a unique journey, leading her back to us through no fault of her own. Initially, Judith might come across as a bit reserved, but in the company of confident canine companions, her true radiance shines through. Her ability to connect with other dogs is simply heartwarming and a testament to her gentle and kind nature. One of Judith's standout qualities is her impressive quick-learning abilities. She's already mastered the art of being both house and crate trained, which makes welcoming her into your home an effortless transition. While she may require some gentle guidance to refine her leash skills, it's clear that with a consistent training routine and an abundance of positive reinforcement, she's well on her way to becoming a leash-walking pro! If your home is missing a furry friend who can brighten up each day and turn ordinary moments into cherished memories, Judith might be the perfect addition to your family. Her endearing personality and loyalty make her an ideal companion for individuals or families looking to add a four-legged member to their lives.

Interested in adopting Judith? You can complete an adoption questionnaire by visiting our [website](#) or send any questions you may have about her to adopt@savinganimalstoday.org. If you're not in a place to adopt a new friend, you can also [donate](#) to support her care and ensure we can keep helping dogs like Judith!

BizPAW Spotlight

Get ready to meet our newest BizPAW, **Doc's Super Vac, Inc.**! We're thrilled to welcome them aboard as one of our fantastic Business Partners in Animal Welfare. Doc's Super Vac Inc. swooped in with an awesome donation – a much needed dryer vent cleaning service for our organization. Trust us, this is no small deal! With the several loads of laundry we tackle every day, having squeaky-clean dryer vents is a game-changer. These folks are the real pros when it comes to cleaning and reviving ductwork, whether it's in cozy homes or sprawling industrial setups. If you've got air ducts or dryer vents in need of some TLC, Doc's Super Vac Inc. is the crew you want by your side. We're beyond grateful for their awesome contribution to Animal Friends Alliance.

If your business, or a business you patronize, would like to support our mission and receive special recognition in our e-newsletter and elsewhere you can learn more about this important program on [our website](#).
