### Saving Animals With Your Support

*And how your gift makes a huge impact.*

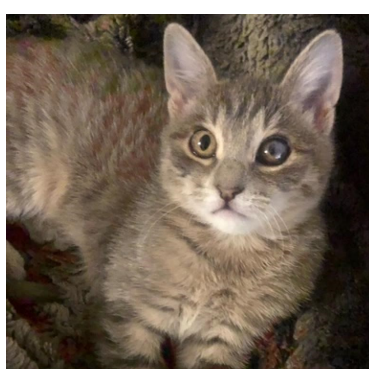

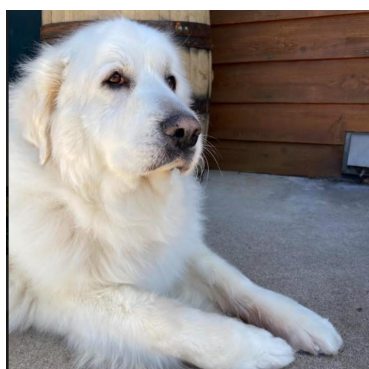

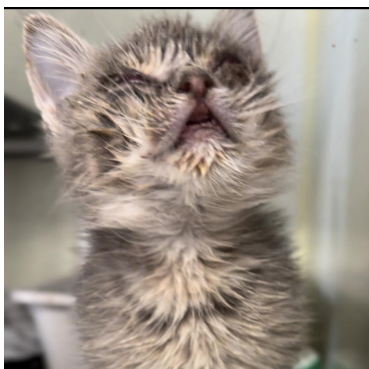

While we are nearing the end of **February Fix Fest 2023**, we want to highlight the critical role our veterinarians play in our mission to reduce pet homelessness and promoting pet health. Our amazing public clinic team provides subsidized spay/neuter and preventative healthcare which includes vaccinations, deworming, heartworm testing, feline viral testing, and microchipping. We also have a team of veterinarians who focus on our shelter animals and coordinating a plan to get them healthy for their adoption day.

Connor the cat is a perfect example of how our shelter veterinarians provide **life-saving services**. He arrived with coccidia, ringworm, calicivirus, and osteoarthritis. Connor spent three months in our care with the help of a dedicated foster home. He had quite the transformation and found his perfect family shortly after completing treatment. Whether we are helping animals with non-complex procedures like spay/neuter or we are curating a treatment plan for an ailing cat or dog with a laundry list of medical needs, we know that each animal deserves that second chance at a happy and healthy life.

Our shelter vets provide excellent care to many disadvantaged animals

who are worthy of compassion, love, and a bit of patience. While we are honored to help these animals on their journey to find a loving home, this does not come without substantial costs. We set a goal of \$40,000 this **February Fix Fest** and we have raised \$13,500. We have four days left to hit our target and we are **counting on you to help** us achieve this. Your gift goes right back to saving animals like Connor, and many other animals who need our services like Mercia, Ducky, and Darwin.

*Darwin the Great Pyrenees spent two months in our care while he battled and beat cutaneous squamous cell carcinoma. (left)*

*Ducky the kitten arrived with a severe upper respiratory infection and a corneal scar and took three months to regain her health. (middle)*

*Mercia the Shih Tzu found her way to us through Rescued Pets Movement. She is currently in a foster-to-adopt home while she completes her costly heartworm treatments through our shelter. (right)*

## Adoption Feature

### Help Waldo Find a Loving Home!

---

Waldo is a sweet fluffy boy who is ready to steal your heart and snuggle into your arms! He is a beautiful 4 year old pup from Texas and has been with us since October 2022. Waldo is incredibly intelligent and food motivated- he is eager to please and ready to learn new tricks! He's been living the life in a foster home while he awaits his adoption day. Waldo would do best in a home where he is the only pet, because he wants all of the attention to himself!

If you are looking to adopt a new best friend, maybe Waldo is the one for you!

Interested in Waldo? You can complete an adoption questionnaire by visiting our [website](#) or send any questions you may have about her to [adopt@savinganimalstoday.org](mailto:adopt@savinganimalstoday.org). If you're not in a place to adopt a new friend, you can also [donate](#) to support his care and ensure we can keep helping dogs like Waldo!

## Supporter Recognition

### Thank you to our 2022 Gala for Animals Presenting Sponsors

## BizPAW Spotlight

We would love to introduce you to our new BizPAW (Business Partners in Animal Welfare) **Caring Pathways!**

Check out their message about joining our team of business supporters. "Caring Pathways is honored to be sponsoring Animal Friends Alliance. The Caring Pathways mission is to serve the hearts and minds of pet owners by providing peaceful, compassionate end of life care for their pets with honesty, integrity and respect in the comfort of their home. By partnering with the Animal Friends Alliance we are able to further our commitment to the pet-loving community in Northern Colorado by supporting the organization in finding homeless pets their forever homes. This allows Caring Pathways to proudly have an influence on these pets, their families, and the community earlier in their journey, and, of course, be there for these incredible pets' end of life journey as well."

If your business, or a business you patronize, would like to support our mission and receive special recognition in our e-newsletter and elsewhere you can learn more about this important program on [our website](#).
