Lending a Helping Hand Locally

Christy, Foster & Transfer Program Coordinator, and Casey, Shelter Animal Care Manager load up some dogs and cats for their journey to the Alliance!

At the Alliance, our commitment to animal welfare goes beyond our facility's walls. We believe in the power of collaboration and the strength that comes from working with other organizations dedicated to making a difference in the lives of our furry friends. Recently, we had the privilege of extending our helping paws to NOCO Humane, embarking on a journey to transfer hope and happiness for a brighter future.

Our dedicated team made the trip to NOCO Humane. We returned with an exceptional crew of animals – four dogs, twelve kittens, and four adult cats – all needing a second chance. We were happy to assist NOCO Humane with this group, who needed additional resources that we could provide. The group had a variety of medical needs that we knew we could treat, such as respiratory infections, kennel cough, and ringworm exposure.

The challenge only fueled our determination to make a difference. Animal Friends Alliance is one of the few Colorado shelters that treats ringworm cases as they arrive. We are incredibly fortunate to have the resources, space, and loving foster homes necessary to provide these animals with a safe space while we work tirelessly to nurse them back to health for their future homes.

It is crucial to emphasize that none of this life-saving work would be possible without the continued support of generous individuals like you. Your contributions enable us to continue our mission, impacting the lives of thousands of animals each year through our adoption program, community pet resources, and our public clinic.

As we extend our care to these local transfers from NOCO Humane, we invite you to join us in making a difference. With **Colorado Gives Day** quickly

approaching, will you consider making a gift today towards the care of these resilient animals who are finally receiving the second chance they deserve? Early giving is open, and contributions made now through December 5 count towards our goal of raising \$105,000. Your support is not just a donation; it's a lifeline for these animals who need our voices. Together, as a community of animal welfare warriors, we can create more success stories, transform lives, and build a future where every pet knows the warmth of a loving home.

Say Hello to Charming Chaplin!

Are you looking for a distinguished gentleman to add to your home? Well then, look no further! This is Chaplin, the sweetest one-year-old feline friend with the most adorable mustache. Chaplin arrived to us in need of medical attention for lameness in his hind limb. Due to the severity of the fracture, he needed an amputation to provide him a healthy and pain-free life. Chaplin has adjusted well to life as a tripod cat and is now on the hunt for his loving humans. He is a cuddly kitty who loves sunny windows and snuggling with soft blankets. Consider giving Chaplin a chance, and you may just find your new best friend.

Interested in adopting Chaplin? You can complete an adoption questionnaire by visiting our [website](#) or send any questions you may have about him to adopt@savinganimalstoday.org. If you're not in a place to adopt a new friend, you can also [donate](#) to support his care and ensure we can keep helping cats like Chaplin!
